**Great Basin Institute
Lloyd Meadow Road Project
RFB SQF – SA - 04
Request for Bid
Forestry Services**

The Great Basin Institute (GBI) is accepting bids on the Lloyd Meadow Road Project within the Western Divide Ranger District in the Sequoia National Forest/Giant Sequoia National Monument. This work is being conducted under a Stewardship Agreement between the US Forest Service and GBI and funded solely by the federal agency.

The Scope of Work requires dead tree and hazard tree felling/decking and removal (haul) of associated volume across 641 acres of the entire sale area. All interested parties are required to place a bid on these work items.

Estimated volume is approximately 10,340 tons of merchantable timber and biomass. The project will be Designation-by-Description for Units 34 and 36, with single tree mark in Units 35 and 37. All units require biomass removal as part of the prescription in addition to a small portion of live hazard tree removal. Sawlogs are considered as Timber Subject to Agreement and can be negotiated with the Great Basin Institute and the US Forest Service Representative.

Please provide a completed bid sheet and include a description of your proposed methodology (technical proposal) and all relevant past performance information with a minimum of three recent project references, including partner email and phone contact data. Bids are to be received no later than **September 19th, 2022 at 5pm**. The Pre Bid Tour is **September 9th, 2022**. For additional information, contact Jerry Keir by phone at 775-846-9310 or by email: jkeir@thegreatbasininstitute.org

Sincerely,

Jerry Keir - Great Basin Institute
Steven Caracciolo - USFS
